Quick Quotes

**Q. Joined by Hyo Joo after her first round at the Aramco Championship. Continuing some very, very solid golf. What's been working for you so far?**

HYO JOO KIM: (Through translation.) I'm honestly not sure what went super well. This is probably the best I've played at this course, and so I think I'm just going with that good rhythm.

**Q. You've won obviously back-to-back tournaments. What's the mindset coming into week three? Is it see what happens or are you striving for a third win in a row?**

HYO JOO KIM: (Through translation.) Coming into Vegas people keep telling me to win three weeks in a row. I mean, I think I'll just try my best like usual. There is nothing else.

**Q. You mentioned you played this course a few times. This is the best you've played. What are some of the differences you noticed playing stroke play versus match play here?**

HYO JOO KIM: (Through translation.) The fairway is softer and I think the course is generally softer. I like stroke play over match play, so I don't really remember too much about last year.
