

Aramco Championship

Friday, April 3, 2026

Las Vegas, Nevada, USA

Shadow Creek

Anna Huang

Quick Quotes

Q. Anna, round of 1-under today. To be 1-under for the tournament but very much near the top of the leaderboard, how have you found the first two days?

ANNA HUANG: Yeah, it's been really fun. I think some holes like you're making pars but it feels like you're making birdies out there.

The conditions were really tough today especially on -- well, my front nine but the actual back nine. It was really windy and gusting really hard.

Yeah, really proud of how I played.

Q. In terms of this golf course obviously a lot of picking, choosing the right spots, not just bombing it, plotting your way round; how have you found that?

ANNA HUANG: Yeah, so Robby has been doing really good at that. He's just been telling me where to hit it and I'm just trying to get as close to the target as possible.

But, yeah, it's definitely a really tricky courses and you got to really have a good strategy out there. Course management is definitely the number one thing here.

You can't always be going for it and you got to stay humble sometimes. Like even if you want to go for it, you just got to play safe.

Q. In terms of your own game, how did you feel coming into this week?

ANNA HUANG: Coming into this week I think I was really well rested. After Australia I got to go home for a week and sleep in my own bed, so that was nice.

I did struggle a bit with my long game yesterday, so my 3-wood and driver weren't as great, but I was able to fix that on the range and then it was a lot better today.

Q. Nice. And just what has it been like this week? Obviously so many great players playing in this

CHAMPIONSHIP

tournament; co-sanctioned with the LPGA. What's it been like seeing everyone around?

ANNA HUANG: Yeah, it's really fun. Like just being on the range with everyone, all the top players in the world is really cool and really good experience.

And, yeah, really excited for tomorrow because I think I'm in the top 10 right now so I should be having a good pairing.

Q. For the weekend what's the strategy?

ANNA HUANG: I think just same as we've been doing the past two days. It's really hard to go low out here so just sticking to my strategy and staying patient is really important.
