Arkansas 6, Vanderbilt 4

THE MODERATOR: If you would please give us your general thoughts on today's game.

TIM CORBIN: We lost. I'll just take questions.

**Q. What happened with Kumar's control tonight? It looked like he was just having a lot of trouble landing his off-speed pitches, and then it kind of seemed to bleed into the fastball a bit.**

TIM CORBIN: Yep.

**Q. Having not played Arkansas before this season, like this is the first time you've played Arkansas this season, do you think that not having seen particularly Kevin Kopps this season affected the performance against him?**

TIM CORBIN: No. I mean, no, that didn't have anything to do with the end result based on the three innings he pitched. He obviously pitched very well, but, no, he didn't have anything to do with the first six innings.
