**Q. ..offense and fourth down. It was initially ruled a catch then overruled. What you felt, saw, thought?**

WILL FULLER: Yeah, I 100% felt like I caught the ball. Watching the replay when I hit the ground the ball moved a little bit. I felt like I kept my hand underneath the ball.

So I just got to find a way to catch that without it going back up stairs. So just got to find a way to make that happen.

**Q. J.J said earlier we're 0-4. Obviously we have to do something different. Whatever we're doing is not working. It's brutal. It's terrible. It's depressing. It's sucks. How would you put your spin or thoughts on that issue?**

WILL FULLER: Yeah, I mean, I felt like he hit it head on. I was just talking to him and it's never a good feeling being 0-4. I've never been 0-4. This is my first time. Like you said, it's depressing, and we got to figure out what's not working and we have to make it work fast.

**Q. What do you think were the problems in the red zone today and how can you guys correct those problems?**

WILL FULLER: The problems were we weren't getting it in the end zone, so we just got to beat the guy across from us and find a way to get it in the end zone.

I don't know the statistics, but I know we were kicking field goals today, and that's not going to get you a win.

**Q. What changed for you guys offensively in the second half, and what do you think you all can do to be more consistent on the offensive side of the ball?**

WILL FULLER: Yeah, I feel like we're still trying to figure that out. When it's working, it's working, and when that's not, it's not. I just feel like we got to practice better during the week and just make sure we're executing and being consistent in practice and that'll lead over to the game.
