Brandin Cooks

Press Conference

Packers - 35, Texans - 20

Q. Brandin, how frustrating was it offensively when the defense got those three stops and forced three punts in a row not to be able to capitalize more?

BRANDIN COOKS: It's very frustrating. Your defense goes out there and do exactly what you want them to do, and we just couldn't come up with something, every single one of us. So at the end of the day, it's frustrating.

Q. At 1 and 6 where do you guys go from here? What are you hopeful for for the rest of the season and in terms of the morale of the team, where do you feel like it is as a veteran player talking to the guys, talking to the teammates and coaches?

BRANDIN COOKS: I think at the end of the day we play this game because we love it, and if you mean that, regardless of what the record is, you gotta come to work every single day and try to get better, because the last thing you want to do is go out there and give it your half, and that's when you start to put yourself in predicament your body and whatnot. So you gotta show that you love this game, because you don't know what's going to happen. You can't predict the future. So you gotta go out there one day at a time and that's going to continue to focus no matter what the record is.

Q. As someone who's been traded many times, what do you tell your teammates? It creates a lot of uncertainty.

BRANDIN COOKS: You know, at the end of the day you just gotta, once again, continue to focus and do what you can. Those things are out of guys' control. So you can't be thinking about that. You just gotta go and show up to work and show up that you love this game and be there for your teammates regardless of what the rumors are. You know, there's so many lies out there in our media today. And so we just gotta tune out that noise and focus within our ability, and that's the most important thing. I know it's a cliché answer, but I think that's what you gotta do.

Q. What do you think you guys can do to be more consistent? We see the ability. What do you think you guys can do to be more consistent on offense?

BRANDIN COOKS: Be more consistent in practice.

Q. I'm sorry. Could you elaborate on that? I mean, do you guys have inconsistent practices?

BRANDIN COOKS: You just are what you repeatedly do. I think we can be more consistent in practice and I think that'll show in the game. As far as getting into the details, we keep that in the building. But just being more consistent at practice as well.
