J.J. Watt

Press Conference

Packers - 35, Texans - 20

Q. J.J., what's it like chasing Aaron Rodgers and getting close to him and find out he's already completed a great pass down the field?

J.J. WATT: What do you think that's like? Not great.

Q. J.J., we kind of asked these questions several times this year, but now you're going into the bye week at 1 and 6. What are your feelings about this team going forward?

J.J. WATT: Gotta get better.

Q. J.J., as a leader, as a veteran on the team, what do you tell your teammates the state of the season, the state of the team right now as far as holding it together, keeping it together?

J.J. WATT: Show up to work and do your job.

Q. J.J., how would you assess your level of confidence in this defense and in this team right now considering where everything is?

J.J. WATT: I mean, we're 1 and 6. You are what your record says you are.

Q. And I understand that you don't coach or play DB, but could you speak to how the injury to Bradley Roby just kind of threw things off for you guys in terms of whatever your game plan was today?

J.J. WATT: No. I know nothing about that.

Q. Could you talk about the way Rodgers played today compared to the ways you'd seen him play earlier when you guys played against him?

J.J. WATT: He played very well today.

Q. What did he do that made him play well?

J.J. WATT: Threw the ball to the receivers and they caught them.

Q. J.J., you all came close last week. In the second half your defense had several stops in a row. So there was a chance something could happen if your offense could have done something. Do you see any light at the end of the tunnel for this team going forward?

J.J. WATT: Just gotta go to work, get better.

Q. How would you characterize your emotions at this point? I would say it's frustrating. It's tough. You're not accustomed to losing around here. And you've won a lot of football games over the years. What's this like for you personally?

J.J. WATT: Frustrating. I'm angry. I mean, it sucks. I don't know. Yeah. I don't know what else I'm supposed to do.
