## Laremy Tunsil

Press Conference

**Q. Coach Smith said they pay you more than anybody else because you're a special player. What does that mean to you coming from your head coach?**

LAREMY TUNSIL: That sounds good to me. I'm going to get another bag, right? I'm just joking. I mean, it's great, just getting praise like that from a head coach like Lovie Smith who led a team to the Super Bowl with the Chicago Bears, so it feels great.

**Q. Can you take us through your recovery last year and how things are working with that, kind of getting back to yourself?**

LAREMY TUNSIL: My hand is doing great.

**Q. A lot of the pass rushers, edge rushers, do they pick your brain and do you kind of pride yourself on being able to help develop these guys?**

LAREMY TUNSIL: I for sure pride myself to help my teammates out, get better rushes on different opponents, but they help me out, too, with different rushes. I'm just glad to have veteran guys like Jerry Hughes and Mario Addison and Jonathan Greenard going on his third year, so we're going to get better each and every day in practice.

**Q. What have you seen from Kenyon Green so far in camp?**

LAREMY TUNSIL: Dog.

**Q. This run game last year wasn't the best. What have you guys focused on in the off-season to improve the run game this year?**

LAREMY TUNSIL: We went and got Pep Hamilton. We're fitting to get this year rolling.
