Seth Henigan

Visitors Postgame Presser

Dolphins 14, Jaguars 6

Q. What was it like?

SETH HENIGAN: A lot to learn from. There was a couple just operational issues on my end that I need to clean up for sure. There was a couple situations where they were in base to 11, so we had to change the play late in the shot clock and I had a counter motion by a tight end and I should have just let it ride and gotten set, so that way we could have executed the play.

Ran out of bounds one time when I could have thrown it away. Shot ourselves in the foot a little bit too much offensively. Would've liked to get in the end zone with our group of guys; that didn't happen, so that's why we ultimately lost the game. So just lack of execution really.

Q. How valuable were those 50 live reps to get?

SETH HENIGAN: It was amazing. It was a privilege to represent the Jacksonville Jaguars and just an honor to be in the NFL and have an opportunity to play, whether that's preseason game or in practice, whatever it may be. Just being able to represent the Jaguars and represent the name on the back of my jersey as well.

So man, just a blessing. All glory to God. Would've like to play a little bit better, but I was just so happy to be out there.
