

Tennessee Titans Media Conference

Friday, November 13, 2020
Nashville, Tennessee, USA

Derrick Henry

Postgame Press Conference

just go out there, finish drives, score points, get off the field and win the game.

FastScripts by ASAP Sports....

Colts - 34, Titans - 17.

Q. You only had 19 carries tonight. Do you feel like that you were getting in a pretty good rhythm before the game got out of hand? And would you like to have been able to carry the ball more and be a little bit more of a factor?

DERRICK HENRY: Yeah, definitely would like for us to be in a better position to give ourselves a chance to win the game. They just played better than us in all three phases. And hats off to them. And we just got to take a couple days off and then get back to work. No excuses. Just we have to be better as a team. We know that. We need to fix the mistakes and do better this week coming up.

Q. How do you approach the next couple days given that you guys have a mini-bye and understanding that these next two are particularly important between Baltimore and Indy again?

DERRICK HENRY: Yeah, I think that guys just need to get their body back under them, time to rest, watch some film, and just really, just relax until we got to get back on Monday and get back to work. But this one definitely stings. They were the better team today. A lot of things we can learn from and improve on and we just have to be better.

Q. You guys, record-wise, are in a lot better shape this year than you were this time last year, but can you take some lessons from how you guys were able to improve last year, I mean what needs to kind of happen to match that, I guess?

DERRICK HENRY: Yeah, we went on a pretty good run last year and can't really focus on what happened last year. Last year was last year. I think that we all just have to be better on all three phases and when we play like how we played today, against a team like that, then that would be the outcome. But no excuses, we just have to be better, play better, complimentary football on all three phases and
