

# PANTHERS QUARTERBACK PJ WALKER

POSTGAME VIDEO CONFERENCE  
August 19, 2022

Patriots 20, Panthers 10

**Q. PJ, you go out there tonight finding out you're starting. What did you want to improve in this opportunity tonight?**

PJW: Personally just move the ball, put up points, be efficient on offense. At times we did it, but I don't think the end result was what we wanted.

For me it's just get back to what I do. Just get back to what we do as a team and to figure it out and try to get better.

**Q. You were visibly frustrated as you left the field, understandably. Tell us what was going through your mind.**

PJW: Just two bad throws that got away from me. You know, with the situation that I'm in, I can't afford to have those bad plays. I can't afford to have those two bad throws get away from me.

**Q. Do you want this team to trade or release you so you have a chance somewhere else?**

PJW: Personally, that's not my decision. I'm just going to go out there and go to work. I'm here, so that's all. I'm present here.
