**Q. Give us a rundown of the game today and how much fun you guys had out here?**

DAYLON GORDON: So today was great. A little hot, but I enjoyed it because I got the experience. I took a little nine-year-old and we rode a couple rides and she really enjoyed it.

She was a little timid at first but the more and more she got to know us, the more fun she had. I'm not familiar with the names but the yellow ride, the wood ride, looked like a slingshot. She didn't want to do it, so she was going to watch from afar but it's been great.

**Q. The last time you're together as a football team, how much are you soaking up these moments?**

DAYLON GORDON: I'm enjoying it glad I'm partnered with somebody who going to be here next spring. We've been here the whole time and it's bittersweet, better than last year, so I'm really enjoying it now. It's great. Just glad that I stayed the whole while and got to experience this.

**Q. A lot of football coaches think Bowl games may go by the wayside but how much fun is it for you guys to take part in things like this?**

DAYLON GORDON: I doubt it. I honestly doubt it. I enjoy it and I know other people enjoy it, especially seniors, especially knowing this is going to be your last game playing, would wouldn't want to do it? I doubt that happens. Me as a senior, it's bittersweet and I'm enjoying every bit of it.
