## Laney Frye

### Quick Quotes

**Q. How would you describe your experience, final round of Augusta National women's amateur?**

LANEY FRYE: I think it was everything I hoped it would be except the scoring. It's just a blast. The nerves on the 1st tee, every hole is memorable. You think of pro shots that they've hit out there, and you do it during the practice round, but doing it in competition with crowds.

I made a 10, 12-foot slider on the 1st hole for par, and there was a roar at 8:50 in the morning. There was plenty of people out there. It was such a cool experience I'm thankful to have had.

**Q. Any kind of cool standout moments that you'll take with you?**

LANEY FRYE: I don't know. Just the entirety of it. It was all really special. I hope I remember all of it.

**Q. Then for our kind of Kentucky, Big Blue Nation audience, what kind of message do you have for them?**

LANEY FRYE: Thank you all for the support all week. There's people out here that I never met before saying C-A-T-S and just cheering us on. It means a lot.
