Jasmine Koo

Quick Quotes

Q. How was it out there?

JASMINE KOO: It was good. The weather was perfect out there today.

Q. How is the course playing?

JASMINE KOO: The course is playing a little softer than last year, than what I remember. I think without the winds blowing like 30 miles per hour, it's definitely a lot simpler, I would say. The two, maybe three, a couple missing trees out there, definitely feel their loss. But overall it's in great condition.

Q. The status of your game, how are you feeling coming into this week?

JASMINE KOO: I feel really good, yeah. There was one shot where I told my teammate, I was like, hey, if I hole this out, then you have to pick up your ball, screaming and come back running, and I hit the hole and it almost went in. I know if I really try and if it all works out, then it'll be good.

Q. Is this your second year playing?

JASMINE KOO: Yes.

Q. How do you think your experience from previous years will help you this year?

JASMINE KOO: Yeah, I think just knowing the lay of the land, knowing where to go to get the shuttles, knowing where the concession stand is, just being familiar with everything and not being so lost, it'll keep my head in a more clear head space. Overall I think I'll just be more organized coming into this week.

Q. What are you most excited about?

JASMINE KOO: Most excited about the peach ice cream. I'm very excited about that tomorrow.

Q. Have you had it before?

JASMINE KOO: No, I've actually never had it. I couldn't find the opportunity to get one last year, so I've just been waiting for that.

Q. What's your favorite memory from last year?

JASMINE KOO: Probably my eagle on 15 at Augusta. That's my favorite golf memory ever, period.
