Quick Quotes

Q. Talk about being the first group out, how surreal and maybe even nervous you were on the tee box.

CAITLYN MACNAB: Yeah, fantastic feeling. Being first out was awesome. Unfortunately I didn't get to hit the first shot, but got to make the first birdie of the day which was awesome.

It's just an incredible feeling. Being out here in at Augusta in front of this many people is fantastic. Really, really special.

Q. Nerves on the first tee box?

CAITLYN MACNAB: Definitely a little nervous. Not as nervous as I have been in previous years. Playing previous years, it helped that.

Q. Talk about your round.

CAITLYN MACNAB: It was a tough day of golf. Unfortunately just didn't really have my game this week, especially today. Just a grind. But managed to finish strong and get a couple birdies coming back after a couple -- well, a tough stretch on Amen Corner.

Proud of the way I finished and handled myself this week. Always such a fantastic event to be a part of.
