## Megha Ganne

### Quick Quotes

**Q. Megha, just assess your round and how you feel like you played today.**

MEGHA GANNE: Today was a lot of fun. It went by super quick. I thought I played great golf, just couldn't buy a putt to go in the hole. But put myself in all the spots I needed to be. I made the turn in a good position and I just needed putts to fall and they didn't. But really proud of my golf game and the direction it's headed.

**Q. When you looked up at the board, did you think it was going to take a pretty low round today to get it done?**

MEGHA GANNE: I thought so. I thought I'd probably have to go at least 3- to 5-under, somewhere in there. Yeah, I set myself up to do that, just couldn't get the putts to fall. But other than that, it was a good day.

**Q. What's the most positive thing you saw this week out of your game that you're taking to the rest of the season at Stanford?**

MEGHA GANNE: Ooh, just really steady golf. A lot of good pars, which I think is a recipe for success at the highest level. I really liked that, and didn't find many weaknesses in my golf game this week. So all around, pretty good.

**Q. Talk about her play today; was there something in particular that impressed you about what she did with her play?**

MEGHA GANNE: Asterisk? She has a great golf game around all, top to bottom. Doesn't really have any weaknesses. Just hits the ball a really long ways, which I was surprised by, because I've never played with her before. But yeah, she's really level-headed. Just a powerful golf game.

**Q. What's next for you individually beyond college? What's your schedule like coming up?**

MEGHA GANNE: We have our postseason, so our conference, regionals, nationals. A lot of things to look forward to.
