Q. How was your round out there today?

GARRICK HIGGO: I played nicely. I hit the ball well. I've been hitting the ball very well, and the paddock kind of cooperated a little bit on the back.

Q. How did you kind of find the course today? Monday, obviously, the course was in prime condition, kind of a little firm and fast, and then it rains the last couple of days. Did you find anything different than maybe Tuesday, Wednesday?

GARRICK HIGGO: Yeah, I think it was pretty soft this morning. It was raining while we were warming up. I think we definitely got the easier side. Some of the guys teeing off now, it's going to be windy, and I'm sure the greens are probably already dried up.

Yeah, it was pretty soft on the greens for the first, I would say, 13 holes, and, yeah, I tried to take advantage of it.

Q. How was the experience coming out and playing the Masters?

GARRICK HIGGO: It's unbelievable. Nice to play with Freddy and Guido. I know Guido from the DP World Tour. Freddy has been nice to both of us. He has obviously played this quite a few times. He helped kind of steady the ship a little bit as well.

Q. Just from conversation or --

GARRICK HIGGO: Just when we hit a good shot, even though it's in the middle of the green, he would say, that's perfect or great shot. Yeah, he was supportive.

Q. What were the nerves like on the first tee?

GARRICK HIGGO: I was definitely nervous. I was fine the whole week, and then walking to the tee, I was, like, this is real. That's why we're here. I wouldn't want it any other way.
