**Q. Justin, we spoke just before the Par 3 Contest. Now you've been through it. Did it live up to the expectations?**

JUSTIN HASTINGS: Yeah, it was special, especially playing with Russell and Keegan having their whole family out. Then seeing the hole-in-one on 6, I feel like I ticked all the boxes.

**Q. You rolled up for your practice rounds on the big course not having many plans. What was your plan here, just kind of rolling up?**

JUSTIN HASTINGS: Yeah, well they didn't really let me not have a plan for this one. There was a big signup sheet at registration. A lot of the groups were full, and there were a couple of two, and I made sure to ask that I wasn't cutting anybody off by joining groups.

They said they thought it was fair game. So I saw Keegan and Russell with an open group, and I thought that would be a pretty cool group to play in. I'm glad I put my name down.

**Q. Does this environment compare with anything you've seen at all, even the big course?**

JUSTIN HASTINGS: I guess the comparison would be the big course, but hearing roars like this is unbelievable. It's hard to explain. It just feels like there's a thousand people yelling at the same time, which there is. That's exactly what -- I don't know. It's hard to put into words.

**Q. Did you play for a score or just play for the experience?**

JUSTIN HASTINGS: I played for the experience, yeah. I had my brother hit my tee shot on 9 there. We had a good time.
