Q. How did it feel out there today?

RAFAEL CAMPOS: Felt awesome. Honestly, enjoying the moment, obviously. Was playing pretty good, and obviously at the end the last couple holes, the last nine holes, I kind of started making a couple tentative swings, and you can't really do that here. Pretty bummed the way I finished, honestly.

I was hanging in there. I felt I was playing good, I was hitting the ball well, rolling it well, and the last couple holes just got me. I made two really, really bad swings, and unfortunately didn't make the putts afterwards.

Q. What was the highlight of the day?

RAFAEL CAMPOS: Just being here, man. That's the highlight. Obviously I do want to play well. I don't only want to enjoy the moment. I really do want to play well.

But no, just being here and seeing all the Puerto Ricans that came to the event. It's always great to have the support, and overall I'm really happy to be here. I'm just a little bummed that I finished the way I did.

Q. Who are some of the people that helped you get to this moment?

RAFAEL CAMPOS: My mom, dad, family. Friends that you'll hear them out there. You'll know they're my friends. But primarily obviously my mom, dad and the team I have, the sponsors.

Like I said, this is a pretty expensive sport, and if it weren't for them, there's a lot of times I wouldn't be able to play tournaments. Thanks to the help that we get from the sponsors and the support that I get from my family. That's why we're here.
