Quick Quotes

Q. Your thoughts on the round today?

BRIAN HARMAN: Yeah, I took on some shots. Just didn't pan out. Just one of those days. Got to have a low one to get back in contention, and some shots go 50/50, shot on 11, shot on 16, shot on 15. I'm trying to make a move and just didn't execute.

Q. The shot on 15, did it just not skip? You were trying to hit it a little higher?

BRIAN HARMAN: I executed that shot like I wanted to, but the miss was from the fairway. I got a pretty good number in there, trying to hit a high cut 5-wood, I done it on 4 in there for a good one, but just no offense today. Just a day where every shot that I took on just didn't work out. That's kind of the rub of this place.

Q. Looking at the stats, you were top 10 in driving accuracy, also top 10 in greens in regulation --

BRIAN HARMAN: Yeah, they can be misleading, though, because I make the birdie on 4 and then I get up on 5 and I miss a tee shot, make bogey. It's just too many, like, momentum swings. All my momentum swings have been bad. I'll get a little something going and then take a step back.

But yeah, I'm proud of the way -- I took on shots. I didn't miss the shots because I wasn't willing to take them on. It's what this place calls for, and just didn't execute.

Q. I think when you talk about the putter switch, are you sticking with it?

BRIAN HARMAN: Oh, for sure, yeah. Been rolling it fine. It's an imperfect game. Some weeks -- I've had tons of hip-outs and tons of good putts that could have gone in. Just hasn't been my week.

Q. You'll be at the Heritage?

BRIAN HARMAN: Yes, sir. Thank you.
