

# Jon Rahm

## Quick Quotes

Sunday, April 12, 2026

**Q. Jon, you say you can always learn something from any start. What would you take away from these four rounds?**

JON RAHM: I got away a lot of what not to do. Today was much better. Crazy, same person, right? Even though I made some mistakes I was able to rectify quite a few of them and have a good round. Too bad the bogey on 18. Maybe the wrong club off the tee. Bit of a change in the gust. I don't know.

But, yeah, I'll say it again, loft whatnot to do. Played really bad the two days. Shot 2-under on the second round but that was about as good as I should have shot with how I was hitting it.

Definitely some things I'm going change going forward. Preparation-wise and what to do. But it's hard to say how much I learned because I don't think we ever seen a Masters this firm and I don't know how long tease going to be until we do again. Both off the tee and on the greens.

Have you ever seen looking down the property how yellow the patron areas and how brown and purple parts of the greens and fairways are? It will be a long time until we see it like this. Definitely have some things in mind for future editions where it gets to this level.

**Q. Anything specific?**

JON RAHM: Nope. Not going to say it.

**Q. What was it like playing with Sergio? Was it the first time in a competitive round at Augusta National?**

JON RAHM: I don't know. It may be. I'm not sure. I don't remember who I play with or who I don't all the time especially if we're playing badly.

But, it was good. Obviously he hasn't been swinging it the way he would like. Wasn't the easiest day for him so I kind of -- not much I can say. To talk to him when I could and lift his spirits up a little bit.

But felt like I was exactly where he was at today the last few days so I can't really say much.
