Quick Quotes

Q. First, thoughts on the round today?

BRIAN CAMPBELL: Oh, man, it was hot and it was starting to get crusty out there. Be interesting to see them finish.

But didn't have my best stuff. Kind of just grinding all day really. You know, glad I hung in there really. Just kind of feeling like that.

Q. I know not the finish you want but can you reflect on this week and kind of like what it's meant to you?

BRIAN CAMPBELL: Yeah, it's awesome. To come here, my first time make the cut, have a great Sunday and then year later make the cut again and play solid this week, I'm over the moon right now.

So I'm really happy about how I'm playing. Wish I could have had a few more for sure but some good things looking forward.

Q. Anything like during the week that off the course stands out to you?

BRIAN CAMPBELL: I think just being around family and then getting enough time to kind of get the PT work I've been needing. I got here Saturday so it's nice to come and take your time and get into a week. Sometime you're thrown right into a Tuesday and starting Thursday.

So I mean, just love this place.
