Tampa Bay - 21, Seattle - 16

Q. We'll get back into it. I know the result didn't go the way you wanted, but what did you think about the offense in the second half?

MARQUISE GOODWIN: Man, we looked like we were supposed to. Obviously we had a slow start in the first half. Defense was doing their thing out there. The game just got away. We just ran out of time.

Q. Marquise, can you just take us through the touchdown, kind of how that all happened? Obviously they looked a little different.

MARQUISE GOODWIN: Obviously close call. The perfect play at the perfect time. I think it was fourth down. It was kind of like we needed it. We've repped that play a million times.

I don't think I've even gotten that ball on that play even at practice. So I was not really surprised, but I was just like, dang, the ball is in the air, and it's a race to the sideline at that point. 11 out of 11 times I'm going to win that.

Shout out to Geno for the perfect ball, the O-line blocking, and Tyler getting his guy underneath, so it was just one-on-one for me.

Q. Marquise, you pointed up to the sky after that one. You noted on Instagram about your son. Was that what that was out there?

MARQUISE GOODWIN: Yeah. I lost my son five years ago yesterday. So that was all God. That was all God.
