and I just heard the crowd go crazy. I looked up, everybody running with Jack. That's how I knew he made a big play.

Q. How pleased are you with the team's overall performance getting those key stops?

BRADLEY CHUBB: That's what it's all about, man, guys staying together. The rough times we had this season, guys just kept it all together, kept it, because we knew it was going to break for us at one point.

We're seeing the fruits of our labor right now. Nowhere near where we want to be, but at the end of the day, it's good to see the success. Good to see what sticking together does. Going out to dinner on Thursday, it's good to see what that does, and believing in the guy next to you. That's all that is.

Q. How would you characterize this whole experience from your standpoint?

BRADLEY CHUBB: It was beautiful. It was an amazing time. Any time you've got a chance to get out of the country and expand the game. It's the first game out here in Madrid. It's been amazing. Just the culture, the food, the paellas we had. Everything's been amazing. I'm looking forward to this in the future, if we could do this again.

Q. You're clearly speaking some Spanish. What would you say to your Spanish community of fans?

BRADLEY CHUBB: Te amo.

Q. Getting those stops, which did you enjoy most?

BRADLEY CHUBB: Yeah, they're all kind of the same. Of course, selfishly the sack feels better, but the goal line stop feels good because it's the whole team, everybody is hyped. When you get the sack, you put it in your pocket, but those fourth down goal line stops, that changes games. We had a couple of those today. So that was great to see.

Q. The game you had in Frankfurt compared to Madrid.

Dolphins - 16, Commanders - 13

BRADLEY CHUBB: Hola, como estas.

Q. One of those back and forth, back and forth. You knew something great was going to happen. And then you got Jack Jones interception. How did it feel?

BRADLEY CHUBB: It feels great, man, because that's that complementary football we keep talking about. It feels great when one phase is down, the next phase just picks it up for him, you know what I mean? That's what we've been looking for all season. We've been finding that groove these past couple weeks, and it's just about maintaining it.

Q. What are your thoughts on the decision to go for it on fourth down rather than kick a field goal and try to take it to overtime?

BRADLEY CHUBB: At the end of the day, I like the aggressiveness. I like the aggressive mentality. Mike believed in us. That's why he went like that. We stood up. The defense had -- we had one play that it might have looked ugly, but at the end of the day, we stood up and did what we were supposed to do. Got the ball back to the offense, got it into overtime, and they took care of the rest.

Q. Defense celebration there on the sidelines?

BRADLEY CHUBB: Yeah, we saw it. We saw it. Guys are hyped. Guys want to celebrate the win, but you got to make sure you win it first. We calmed it down, all gathered around each other, watched the offense finish the job and watched Riley put it in.

Q. What did you think of Jack's interception?

BRADLEY CHUBB: I was looking at Mariota like this,

BRADLEY CHUBB: I feel like the main preparation, bro, is making sure our feet were good, our feet were in the right cleats. I feel like in that Frankfurt game, early off in the first half, we were slipping and sliding around, missing big plays because we were on the ground. There's a point of emphasis, when you're playing on a soccer field, it's just a different texture of grass. We locked in on that and just prepared like we know how to.
