**Q. Wondering what the mood is tonight. You guys had a horrible start but you fought back and had chances to win it, only to be letdown by another error. Does it feel like the team is shooting itself in the foot?**

JONATHAN OSORIO: Yeah, I think especially more frustrated we were the better the team on the field today, I think by far -- three goals, but really had so many chances. So it's very frustrating. Very frustrating for us, a game that we need to come out with -- three points for a performance. That's football sometimes. Guys will make mistakes and as a team we need to try to cover those as much as possible to give ourselves a chance to win. We will clean that up. Go home, clean that up, watch the video and get ready for the next game.

**Q. Obviously disappointing result, and as you alluded to, the mistakes killed you tonight. Are there any positives that give you hope for this performance going forward?**

JONATHAN OSORIO: Yeah, we got -- from the start and we see the different elements in our team. I think the team played well, the possessions, lots of positives. Lots of positives with the way we came back into the game after a poor start. It was great. So lots of positives, but we focus on the positives and we bring that to the next game and try to clean up the errors.

**Q. Goals against the side; I thought it was a good balance between controlling the match with possession early and moving the ball well to create chances?**

JONATHAN OSORIO: Yeah, it's pretty obvious in the game, we managed some dangerous spots, we were creating chances and came back into the game -- it's all very good. We have always knew that we had that in our team. We've shown that in the past few years, and it was nice to show that today in the game. But at the end of the day, you have to win and that's the most important. Need to find a way to do that, and all these positives are great but not enough. John than.

**Q. A fast turnaround you face here heading into Nashville. How do you shake this one off and get ready for this team that knocked you guys out of the playoffs last year?**

JONATHAN OSORIO: Pretty easy, you know, we get ourselves recovered and start looking forward to the next game. It starts with our first training back. Start preparing for a tough team and a team that's very well organized defensively. We know what position we are in. We are going there to win. We will look at the video and see what we can learn. We will put this past us through tonight.
