Aaron Robinson

Press Conference

Q. What kind of opportunity do you feel like you have in front of you this year?

AARON ROBINSON: I feel like I have a great opportunity. Pretty much just come to work and seize my opportunity to get better every day, and be around some great guys.

Q. And what did the particular adjustments for you technique-wise, mindset-wise, going from the slot to the outside?

AARON ROBINSON: I try not to think of it too much of a difference. Except now I've got more sideline to work with. Other than that, it's pretty much -- pretty much feels like it's coming along.

Q. How does that play in your advantage having more sideline to work with? Just being in the slot, there's more Green to work with, and us being DB, sideline is our friend. So that pretty much sums it up.

Q. How much as a cornerback are you going to be asked to do different things in the scheme?

AARON ROBINSON: Not too much. Just to do my job and get my job done.

Q. There's a feeling though that you guys are going to be left on an island a lot more. Do you sense that or is that -- do you think it could be kind of similar in that regard?

AARON ROBINSON: I'm not thinking about it too much. Cornerback is a cornerback. You're trying to defend your turf. I'm going to try my best to do that the best way I can and get better every day.

Q. What's it like going through the last couple of weeks, months, really, with James's situation and how that may or may not have affected you, depending on where he landed and what happened with the team?

AARON ROBINSON: Right, I wasn't thinking about that. Not at all, this off-season. You know, just working my draft trying to get better for myself and my opportunity whenever it presented itself.

Q. How do you describe your rookie year? Was it frustrating you missed all that time? Did you feel like you got a lot out of it towards the end when you were playing? How do you look back at your first year?

AARON ROBINSON: You know, definitely a learning experience. A lot of -- I had many great guys around me helping me and bringing me up, and so I was able to get back out there and help them anyway I can. Just from a mental stand, everything is pretty good, though.

Q. How much outside corner did you play at central Florida or Alabama before that? How much outside corner have you played in your life?

AARON ROBINSON: Definitely I played a lot of outside corner. I definitely played a lot.

Q. Following up on that, I know you actually snap-wise played more outside corner than in the slot last year but overall you didn't play a lot. When is the last time -- when is the last season when you played a lot of outside corner?

AARON ROBINSON: Last season, I mean, whenever they needed me. I played in the slot, outside. Whenever they needed me.

Q. So last week in your final year at Central Florida, were you mainly a slot corner? When is the last season, most recent season, when you played a lot of outside corner?

AARON ROBINSON: A lot of outside, last year was a lot for me.

I definitely say the opportunities are going to present themselves. Great scheme. Still learning. Still getting better every day, learning.

Q. How important do you think it was, the whole new regime comes in, you missed so much time last year, that Jerome stayed here because he sort vouched for you and knew what you were capable of, even though it may not have shown on the field because of your injury. How important is that to be where you are right now, playing with the ones?

AARON ROBINSON: My main focus was to work every day to get better do whatever I need to do to get back on the field, I try my best doing that and everything else pretty much played out for itself.
