THE MODERATOR: Questions.

Q. Exciting, made some plays today. How did that feel?

JEREMIAH WEBB: That felt good. Just being able to continue inspiring those where I come from, that's the main goal when I step on that field.

Q. What was the jumping in the crowd, what led to that?

JEREMIAH WEBB: I already had it made up since the first pre-season game. I said if I get in the end zone, I'm Lambeau Leaper. That's always been a dream of mine. That was the first.

Q. What was it like to live out the dream?

JEREMIAH WEBB: It was awesome, man (smiling).

Q. Where do you think you improved the most since the start of camp?

JEREMIAH WEBB: Really just being able to come out here and compete on a high level. I know I always had it in me. I always been an underdog. It just felt good to finally be able to prove myself.

Q. You had a multitude of returns, but how did that take shape for you?

JEREMIAH WEBB: What do you mean?

Q. The return, the nice return up the middle.

JEREMIAH WEBB: You're saying what I see on the field? It be God out there. God and instincts. I just go out there and move off instinct.

Q. Pretty good instinct.

JEREMIAH WEBB: Yeah, first time doing 'em (smiling).

Q. For those watching at home and the game, can you explain where you came from?

JEREMIAH WEBB: Man, I'm from Chicago. Family from the south side of Chicago. Grew up on the west side. I know they proud of me right now. Like I said, just being able to continue to inspire them, give them hope, knowing that we can make it from nothing.

Q. What are your expectations now? Tuesday is a big day. You're closer to your dream. What is your mindset?

JEREMIAH WEBB: Same thing. Same thing. Continue to prepare how I been preparing. Just leaving it in God's hands.

Q. Was it nice to be able to make a play?

JEREMIAH WEBB: Yeah. I told you I wanted the Lambeau Leap. Felt good to finally Lambeau Leap.

Q. What has it been like to play for Coach Vrabel?

JEREMIAH WEBB: Awesome. I love Coach Vrabel. Never no gray area with him. That's what I love the most. I come talk to him if I want to. Just him being so interactive with us. That's what I pretty much love the most.

Q. After the touchdown, he came over and shook your hand. What did he say to you?

JEREMIAH WEBB: They were calling me snowball. All I was hearing was, Snowball, snowball.

Q. Have you had a chance to check your phone yet?

JEREMIAH WEBB: I did.

Q. How many messages?

JEREMIAH WEBB: A lot of 'em. A lot of 'em from people back home. Like I said, just letting me know how proud they is of me. I'm receiving a lot of love right now, man.

Q. One thing you can't coach is speed. If things don't work out here, potential practice squad, would you be excited about that?

JEREMIAH WEBB: Like I said, it's all in God's hands. Whatever the future may hold for me, so be it. I'm grateful for whatever opportunity come my way.

Q. How much fun has this been for you? Looks like you're on Cloud 9 now.

JEREMIAH WEBB: Actually a lot of fun. Like I said, man, I'm living out the dream. The odds that I had to beat to get to where I am now, they've been slim to none. So just finally being able to get here, like I say, show those where I come from that we can do that. Man, I'm having a blast.
