Q. Shaheen, just wondering what your emotions were watching the match between South Africa and the Netherlands earlier today.

SHAHEEN SHAH AFRIDI: Yeah, we watched the game. I think for us it was good, and look, it's not in our hand, this result, but we're just playing our game and how we play our own game, and like next game is India and Zimbabwe, so anything can happen in this game, as well. So we just focus our game, and yeah, I think so for us it's good Netherlands win this game.
