MIKE TOMLIN: You know, it was really a good evening's work. We got put in a lot of situations and got a chance to watch people perform in them, two-minute drive before the half kind of highlighting some of that. I thought we did a nice job of not beating our own butt. We kept pre-snap penalties virtually to a minimum. I think we had one.

We played a pretty clean game for a first time out. We gave a lot of people a lot of opportunities, and that's what this is about. It was good to see some offensive players tackling on special teams, defensive players blocking on special teams. We'll comb through that really closely.

And to top it all off, we kind of got through the game virtually injury free. I thinking Cam McCutcheon got taken out with a soft tissue injury, maybe a hamstring that needs to be evaluated. But other than that, we were pretty clean.

And so productive night on a lot of fronts, and obviously we'll comb through the tape, man, and learn from it in a lot of ways, both players and coaches, and hopefully be better the next time out. I'll pause and open it up for questions.

THE MODERATOR: Anyone?

MIKE TOMLIN: Thank you.
