Q How do you feel about playing in European League, and what did you feel about -- how did you feel about the game and playing teams of this level?

ANDRES LLINAS: And basically I'm loving playing in this league. I'm playing with some of the greats, Andre Gomes. And one of the things that's good about this is the, at least for this game, was that we came in with high pressure. We've been moving the ball much more efficiently. We were patient throughout the whole game. The first half we played solid but we had some substitutions and fresh substitutions in and we had some movements along different positions.

The second half we had a little trouble, but I think it ended up paying off anyway. We played efficiently and I just really like playing in this league.

Q Shooting this goal, how do you feel about this? What does this represent to you shooting this goal in this cup in Orlando?

ANDRES LLINAS: This was a very important goal and we've been playing with these high-level players. It really means a lot, like Fernando Vargas, me, working with the manager, Coach Gamero, we really have to come through for him and we've been doing a really good job. And, again, this represents a really important goal for me. And just really happy.

Q How do you feel about Stiven Vega with him going down? Are you worried about it?

ANDRES LLINAS: No, we're taking some precautions and just waiting it out. But, no, I think everything's going to be okay.
