Quick Quotes

Q. Just take us through the first holes.

PAZ MARFA SANS: I've been playing the last couple weeks. (Inaudible).

So it was good to see where I stand. Then I saw some things I had to work on. I had some friends that played a couple weeks ago here on the guys Tour. So they told me how to prepare and how to read the greens and get the speed right. So I worked at it.

Q. What's the experience like out here?

PAZ MARFA SANS: This is the first time out here, yes. So it was really good. It's a good experience here. Really different from other courses I've played. (Inaudible). The course is beautiful. It looks great. I'm really excited.

Q. And windy?

PAZ MARFA SANS: Yeah, really windy. Get used to that. Be smart and be patient out here.

Q. In terms of the ladies European Tour, one of the things that's good is it's going to take you to different places. So what does that mean to you as a female golfer?

PAZ MARFA SANS: It shows how the female golfers, female athletes in general, but golf in particular is growing, which is nice. We're getting more tournaments in better places. So that's improvement. It's a blessing to be here and be part of the change.

Q. Absolutely. What does it mean for you coming to places like Saudi?

PAZ MARFA SANS: (Inaudible). We're so grateful to have this job and be playing a sport we love and coming here to these places.
