King Abdullah Economic City, Saudi Arabia

Royal Greens Golf & Country Club

Manon De Roey

Quick Quotes

Q. A bogey-free round. Obviously putter working extremely well. Spoke to you on Friday where you kind of had an absolutely fire front nine and managed to replicate that on both sides of the golf course. Talk me through today.

MANON DE ROEY: Yeah, today, very solid throughout my whole game actually. I think I only had one bad shot one drive, so really solid.

The putter, yeah, I just look at a putt and it goes in. I don't know. Yeah, today and then Friday was two days where it was just really good and I'm just seeing the ball go in the hole.

Yeah.

Q. Obviously did you know coming into the green on 18 that obviously you had the chance for eagle, chance to kind of shoot the lowest that's ever been shot here? Did you know that?

MANON DE ROEY: I definitely knew that because I left my putt for eagle very short. I was a bit nervous on that putt actually. I had some shaky hands.

But, yeah, I mean, still happy that I hit the green actually, because that was also very nerve-racking. I only had a 7-iron for 191 meters, so I'll take that. I took a club less because I thought I had some adrenaline going.

Q. You were right.

MANON DE ROEY: Yeah. Very happy to finish with a birdie still, yeah.

Q. And obviously just round out the first three weeks of the year for you. As you said, you're getting to grips the past two weeks so that you could shine this week and that certainly worked out.

MANON DE ROEY: Yeah, the first two tournaments -- well, the first tournament I kind of used as a warmup tournament, and then Morocco as a bit more of -- I got

into scoring more, and then I really wanted to play good on this tournament.

Also just have a good start to the LET season to build some confidence for the rest of the year.
