team series

Yeah, feel quite confident going into this week. This is my fifth week now so just want to have fun out there and play some good golf.

So happy with your picks and team for the week?

OLIVIA COWAN: Yeah, very happy. Isabella is a good friend of mine and she's playing really well at the moment, so, yeah, she was my first pick so I was really happy she was still available.

**Q. And you played in a lot of these tournaments now. You won the first one last year. What's the secret for success at an ATS event?**

OLIVIA COWAN: I think it does help when you have a friend on the team that you can just have a good laugh with.

When you're having a good time good golf follows, so think that it's definitely a key.

**Q. What are your thoughts on the ATS and the opportunities it's provided with colleagues and players and what's the general view of it from the players?**

OLIVIA COWAN: Yeah, I really enjoy the events. It's something different. Individual golf can sometimes be a bit boring, lonely, so to share it with a team is really fun. To share with friends as well makes it a lot more fun.

**Q. What do you make of the setting here at La Reserva Club and Sotogrande? What are your thoughts.**

OLIVIA COWAN: The course is magnificent. I've played here loads of times, even in amateur career. It's hilly, very hot, so it's going to be tough. Windy.

But, no, it's a good test.

**Q. How do you feel your game is coming into this week? Do you feel this week you could do some damage?**

OLIVIA COWAN: Yeah, I had a good week last week. I was playing well so my game has been pretty good for a couple months.
