TV Quick Quotes

Q. Bryson, congratulations to the Crushers. What is it about the Crushers' self-belief and the belief in each other because I saw you on the putting green this morning and you said, "We're going to go Sunday low."

BRYSON DeCHAMBEAU: That's right. I love these guys. They fight for every shot, and I can tell you when four scores are counting, we're a pretty deadly team.

I feel like I chose these guys early on when LIV started, and I can't tell you how proud I am of them, just fighting for every single shot that they have. We know with four scores counting, we're going to be in it no matter what the last day. We put the pedal to the metal today and showcased who we are.

Q. At what point today did you feel like the challenge was real? You guys started seven back.

BRYSON DeCHAMBEAU: Yeah, again, came from behind. We're good at that. I'll say that we were probably through 12 or 13 holes, after I made eagle and Paul made birdie on 13, that's when we looked at the leaderboard and we were like, whoa, we're only a couple off. Those other teams kind of feel that heat, I'll tell you that right now. We surely got the job done again. That was fun.

Q. Your teammate is going back to the 18th for the playoff. What do you think he needs to do on the 18th?

BRYSON DeCHAMBEAU: First of all, I'm super pissed I didn't beat him today. Second off, I'm super proud of him for being tied for the lead and going down into a playoff. I had a chance today. I had so many lip-outs today, but that's the crazy dynamic about it.

It's the same thing that happened with Ban and me in Chicago last year. Even when he holed out on the last hole to beat me, I still gave him the biggest high five because it's so cool. It's such a cool team dynamic that we

have and super special, but I'm proud of him. I'm going to watch him, see how he finishes off. This is a good hole for him.

Q. You guys are turning out to be a dynasty.

BRYSON DeCHAMBEAU: I hear you. That's what we said a year and a half ago; we just didn't have everything all fine tuned. Now we've got it going, and hopefully it becomes a dynasty.
