like they won that. But it was good to see it, see it in person, and go support something that Talor is an owner of and has enjoyed. Just go support the team.

Q. Brooks, a league-leading fifth win, but to do it going toe-to-toe with Jon Rahm, is this one of the sweetest wins you've had out here on LIV?

BROOKS KOEPKA: Yeah, I think this is probably my favorite one. It's always good when you battle good players. I battled Gooch for a while last year, felt like every tournament, but yeah, Jon is a hell of a player. For whatever reason he's always got the better of me a little bit as of late. So it feels nice just to get one.

Q. As you said, the last time you went head-to-head with him at the Masters you didn't come out on top. Was there extra motivation today to get this job done, especially against him?

I felt good about it, very pleased, and just happy with the team win, as well.

Q. Another team win, you're in fourth place now. That trip to Nashville to support Talor's bull riding team, that was the tonic, wasn't it.

BROOKS KOEPKA: Yeah, I'm not so sure about the judgment on that. I don't know, from my eye it didn't look
