Quick Quotes

Q. Bryson, congratulations. Third win for the Crushers, yet again delivering on championship Sunday. Reflecting on today as well as the entire season, how proud are you of your guys?

BRYSON DeCHAMBEAU: Yeah, I couldn't be more proud of Paul, Baan and Charles for sticking through it. When Charles was not here for quite a while, it was tough for us, but John filled in nicely, and once we had ol' Chucky back here, he delivered for us today. He didn't do his best here, but we're all a team here, and that's why we play LIV Golf.

Q. You guys are in pole position to defend that team title yet again. In your hometown in Dallas, what are you looking forward to the most?

BRYSON DeCHAMBEAU: I'm looking forward to the challenge of the golf course. It's going to provide a different dynamic than Miami and I think it suits our games really well. It's why I wanted it there, and it's now in a place where I think all of our games are good.

I personally need to tidy a couple things up. I would have given myself a great chance this week and just didn't do that. I know the team is right there, as well, so winning without our best stuff just shows we've got a lot more to go.

Q. Speaking of the team championship, I want you to spill a little bit of beans. What's your strategy going into Saturday?

BRYSON DeCHAMBEAU: Saturday it's just pick the team that's probably not playing obviously the best that's going to give us the best odds, but you never when it comes to Saturday. Match play, 18 holes of golf, anything can happen. Really our strategy is to get everyone prepared and ready next week and get them playing the best golf they possibly can come Saturday.
