*Q. Edwin, just the way that game started seem like it was stop and start and then you get the yellow card in the third minute. How much did the pace of the game affect you and how much did the yellow card affect you?*

**EDWIN CERRILLO:** The stop and start, it's stop and start for both teams, so the goal comes from the stoppage and then we're kind of just not -- kind of on our heels and that play happens. It's happened before and those moments we need to turn on and we didn't.

As for me, the yellow card, getting it so early, I'm on -- like I'm cautious on the next foul, especially early on.

It's my game to kind of impose and get into people's faces. That limits a little bit of what I can do. Every game is important for us right now, and I can't afford to get another yellow card.

Having to go to LAFC on Saturday, so it's a lot of things that I have to process through my head in a matter of seconds in the game. It limits me.

Yeah, a lot of stop and start. Slowed the game down. But we have to be ready when the game gets going.
