## Brian Keefe

Media Conference

Thunder 136, Wizards 95

**Q. Obviously a large margin there at the end. What do you think caused the game to start to slip away?**

BRIAN KEEFE: We started off okay, finished the first quarter bad, and then the rest of the game we didn't bring the necessary force, energy, commitment to defend, multiple efforts. I'd say we didn't make shots, but we didn't defend, and when you do that against a team like that, it's going to be hard to get the job done. We didn't have the necessary force, and that's on me tonight. Didn't do a good enough job to get our guys to play a full 48. We played about eight minutes of this game. Not good enough. That's on me.

That's all I've got for tonight, guys.
