Q. Any thoughts about that game that you have to share?

BRIAN KEEFE: I think the big difference is you've got to give them some credit. They upped the heat on us in the second half. We didn't turn the ball over very much in the first, and we weren't shooting the ball well, but us keeping the ball security kept us in the game with some pretty good defense.

The turnovers really caught us in the second half. We missed shots that we normally make. But give them credit; their defense was pretty good tonight.

Q. Was the turnovers the points of the game that they happened, because even in the second half -- compared to the first half, yes, a lot of turnovers, but even in the second half there wasn't a gaudy amount. Was it just the timing of them happening?

BRIAN KEEFE: Yeah, it was really the stretch in that third quarter when they opened it up. That was really the difference.
