Friday, 11 July, 2025

North Berwick, Scotland

The Renaissance Club

## Antoine Rozner

### Quick Quotes

**Q. 67, 67, how do you evaluate your first two rounds here at the Genesis Scottish Open?**

ANTOINE ROZNER: Overall I'm happy with my game. I hit the ball nicely and rolled it well on the greens. I left a few shots out there where I shouldn't have but I guess this is links golf. We all make silly mistakes out here.

No, as I said, I'm pretty happy. Two more days. We're very lucky with the weather this week. It's one of the best country in the world for sure when the weather is like this. Enjoying myself so far.

**Q. I know there's some intricacies with the fairways running out, so great drives sometimes end up in pot bunkers or the rough. Greens are slower than what you're used to these days. What's been the biggest challenges for you?? You have lots of birdies in the first two rounds?**

ANTOINE ROZNER: Yes, that's true. My strategy for the week to be aggressive off the tee and on the greens. As you said, the greens are quite slow but it's still difficult to stay quite a aggressive because you're not used to hit it that hard on those putting greens.

So you've really got to be ready to be aggressive on those greens and hopefully a few drops and yes, again, you also have to avoid those silly mistakes, pot bunkers, miss the second shots on the wrong side of the green. Because basically you stand no chance to make up-and-down from those wrong sides.

**Q. We've not seen that much of you, you've been playing on the other side of the Atlantic. How has the adjustment been for you?**

ANTOINE ROZNER: It's been good. I've been really pleased with my game. I've made a lot of cuts. I only missed one cut so far the whole season. But I've got to say I'm a bit disappointed with my results. I still haven't

A Rolex Series Event

quite got like the result I wanted. Still haven't got any Top 10s. So you know, I'm hanging in there. I'm still fighting to stay over there for next year. But if I keep playing like this, I'm confident; I'm trying to stay very patient. We know in this game everything can click very quickly. Just staying patient right now.
