

# Genesis Scottish Open

Friday, 11 July, 2025

North Berwick, Scotland

The Renaissance Club

## Ludvig Åberg

### Quick Quotes

**Q. Second round of 65 but when you saw the low scores this morning and you start bogey, bogey, what's your mindset and how were you able to rebound?**

LUDVIG ÅBERG: Yeah, it wasn't the best of starts. But I did feel like I was striking the ball quite nice, especially good enough to shoot a good score. It was nice to birdie 3, the par 5, and I think if I had not birdied 3, I think that would have been almost felt like three dropped shots in a row. It was nice to do that.

Yeah, made a lot of putts today, which was nice, sort of about 15- to 25-foot range which definitely helps. But overall, pleased with the score, and looking forward to a nice weekend.

**Q. Talk about this week, the adjustment coming over here to put, greens are a little bit slower. Does it take a minute to get used to that?**

LUDVIG ÅBERG: It does. I spent two weeks in Sweden where the greens aren't rolling 14. That was a good thing to get reps. Obviously it takes away from break on the putts, especially these shorter putts you're used to not hitting as firm, and now that little change in the way you hit them.

Yeah, it's the same for everyone, and it is a little bit different but we knew that going into it. I'm pleased with the way it's been the last couple days.

**Q. What did you learn about playing this golf course last year?**

LUDVIG ÅBERG: It's different every time we play it, with the different direction from yesterday to today and this year with the fairways a little bit firmer.

It's a cool course. It's definitely growing on me. I like the way that it looks, and you get some really tough shots, and you get some easier ones. It's a good mix between that, but I think it's playing really fair and really true, and I'm

looking forward to the weekend.
