Q. Good third round 66, you've always played well here, three Top-25 finishes. What is it about this golf course that you like so much

WYNDHAM CLARK: I don't really know. I think you're excited to come over here and play links golf, and I kind of like the creativity, and even if you're not hitting it great you can kind of scrape it around, and then when you do hit it good and make some putts, turn it into a good round.

Q. Putting seemed to be the different versus your last few starts. What did you find on the greens?

WYNDHAM CLARK: Yeah, it's just nice to make some putts. I've hit a lot of good putts these last, I mean, really all year and I just haven't holed anything. And now it's just nice to see the ball go in the hole. Made a couple adjustments and they seem to work.

Q. What are you looking forward to most tomorrow, being in contention on Sunday?

WYNDHAM CLARK: Just being back in contention to be honest. I haven't had a great year and I haven't been in contention very often. It's just nice to be back in this position and let's see if I can go put a good round together and have four solid days of golf.

Q. What was the key to your round today?

WYNDHAM CLARK: I would just say probably just my kind of mood and mindset just being really relaxed. Obviously playing with Scottie and in contention and I haven't had a great year. That you will putting together, I could press, and I didn't, and I just was really relaxed and turned into a good round.
