Quick Quotes

Q. First event back on the DP World Tour. Certainly looks from the score out there that you enjoyed it.

RASMUS HØJGAARD: I did. The score certainly was good today from where I was on the course. I think I saw most of the course today. Yeah, I'm happy to sign for minus 1.

Q. With the rerouting, no par 5s on the back nine but that didn't seem to affect the numbers you were putting out there.

RASMUS HØJGAARD: Because they changed the nines -- I can't remember the holes, really. It was solid. Didn't hit it great off the tee today but managed to get some good lies and control it out of the rough today. So happy with making some birdies on the back nine.

Q. Obviously in good position but as we all know, it's only round one. How do you build on your round from here for the rest of the tournament?

RASMUS HØJGAARD: Well, there's some really good things going on. I would just like to hit some more fairways. Head to the range, hit a few drivers and see if I can narrow it in a little bit.

The rest of the game looks fine.
