Quick Quotes

Q. Min Woo, 67 in the found. Tom jumped out on the back side and you tried to reel him in. What were you thinking on the closing holes?

MIN WOO LEE: To be honest, I was kind of in my own world out there. Obviously Tom played great. I thought I playing really solid. Didn't make too many mistakes and holed the putts when I needed to. Yeah, I don't know, it was, whatever, 50 holes or something that he didn't make a bogey, so that's very impressive and that's how you win tournaments. But no, I was just -- I'm just happy with the week and obviously a win would have been nice. But it was one of the first weeks that I was very -- just happy with myself mentally.

Q. How much momentum do you think you're carrying into Birkdale?

MIN WOO LEE: A lot. I don't think I missed too many shots out there which was great to see. Of course, you're nervous on some shots but I seem to get on the better side of it and I think that's a lot of maturity and a lot of good stuff with technique.

So I'm really excited for next week.
