Quick Quotes

Q. 69 in difficult conditions. What pleased you most about your play?

KJ CHOI: Yeah, still tough course, every tee shot and second shot. My home in Dallas in the States, windy, very strong. Iron play, low ball, curving ball, right-to-left kind is tough shot. Today's iron shot is more better than yesterday and still inside six, seven foot, the putter, reading is very difficult. Couple mistakes on shot and couple mistakes on putter but still same scoring yesterday.

So I'm very happy.

Q. How much are you enjoying playing links golf and having to adapt your game a little?

KJ CHOI: Yeah, experience is a long time and playing at The Open and Europe and many times play. That's why kind of in a very relaxed on the golf course. Hitting good but some holes are very tough. Today a couple tee shot in the bunker. Very, very difficult but yeah certain survival came out and the putt, make it.

Still continue and be patient with my game style, a little, not yet finish. Every hole, new hole to try to go and hit a good shot.
