Quick Quotes

Q. Thoughts on your quest for your second senior major tomorrow?

STEVEN ALKER: Yeah, it was a nice finish to get the last two there. Caddie and were talking coming up the last couple. Just said hang in there, at least one more, try and get closer. Not sure what the guys are going to do to finish, but at least I'm a little bit closer.

Q. You've won one a senior major before. You know what it takes to win. What's the plan for tomorrow? Attack it?

STEVEN ALKER: Yeah, it is, I think the finish is going to be kind of similar. You've just got to be aggressive and take your chances. There's a great mix of holes. That's the great thing about the golf course is there's such a good mix of holes, tough holes, short holes that you can get and par 5s.

So yeah, just take your chances where you can and get after it.
