Quick Quotes

Q. Nice round, if you could just talk about what worked for you today on the course.

JHONATTAN VEGAS: Yeah, today was a little bit of a tougher round than yesterday, but managed to shoot 1-under, which is always good, always shooting in the red is good. So I just kind of struggled out there, I was a little bit out of rhythm today, I didn't really play all that great, but managed a good round a solid round just to keep somewhat of a pace with the guys playing well. So going to need some rest after this heat and get ready for tomorrow.

Q. A little bit of delay again today, how did that work for you, did that work for you?

JHONATTAN VEGAS: It actually worked out great. It has worked out great the past two days, I birdied the last hole twice after the delay. So if it's going to continue to do that I hope we get a delay on the same hole every time.

Q. Goals for the next two days?

JHONATTAN VEGAS: Play hard and hopefully at the end of the week you're one of those three guys standing. So that's the goal, we're going to go for it and I just got to play aggressive and hopefully things will work out.
