## Patrick Reed

### Quick Quotes

#### Q. Just thoughts on the round?

PATRICK REED: I hit the ball a little better, just not giving myself that many opportunities and even though I'm hitting a decent amount of greens, I'm just not hitting anything close and because of that it's just making it harder to make putts, make birdies. And really I'm not in a really good spot right now, but go out and shoot a really low one tomorrow, because you never know, you never know what could happen. But the biggest thing is just go out tomorrow, play well and just give myself momentum going into next week.
