## Jin Young Ko

### Quick Quotes

**Q. Your first round at the Olympics. How did it go out there?**

JIN YOUNG KO: It was fun. I got to the first tee and I had a great feeling and especially like I'm wearing the Korean national team clothing, so it's really honor to be playing with these clothes on. So I'm happy.

**Q. And how about your round?**

JIN YOUNG KO: Yeah, I had a couple missed shots on the front nine, but I had a great round. A great finish on the back nine. So I'm happy. I know this course is like front nine is more harder and the back nine is more easier, so I have to aggressive play on the back nine. So I want to make more birdies chance for the birdie chance on the back nine tomorrow and for the next three days.

**Q. I know you guys saw the men's Korean team. Did they give you any tips or anything?**

JIN YOUNG KO: Yeah, like men's captain, he said just hit the fairway and then hit the green and then the putting (laughing) that's it.

**Q. How are you staying cool out here, it's very hot?**

JIN YOUNG KO: It's really hot. I use a lot of time umbrella on the course, of course, and I'm drinking a lot of water or like a couple of bottles and eat food and like hydration. It was really hot.
