TV Quick Quotes

Q. You have won by nine shots for your ninth victory as a team and successfully defended here in Mexico City; how does that feel?

TOM MCKIBBIN: Yeah, it feels good. To get the first win of the season has been nice. We sort of have been close all year and to get over the line today was very nice.

Q. I know that as a team you like to let your clubs do the talking. But with Jon and what he's accomplished today being your captain, how does it feel to be a part of Legion XIII as well as the fact that you're reigning season long team champions from last year?

CALEB SURRATT: Yeah, it means a lot. I was just saying to somebody, it's really cool to be around one of if not the best players in the world like at the prime of their career, and just getting to see Jon on a daily basis and watching him stack up all these great performances is certainly a lot to learn from and very motivating for Tom and I. It's really cool, and hopefully look forward to more success this year.

Q. How much does it help you guys to raise your games to try and be a part of the winning team environment because winning is addictive, right?

TOM MCKIBBIN: Yeah, I think so. I think getting to play with Jon pretty much every week we play and just to see how good he is, he's a hard guy to beat, so if you're up there or close to him, it means you're playing well, and it's definitely something that we can all sort of strive for.

It's good to be around. You see pretty quickly what you need to do to get better, and it's great to be a part of the last sort of year and a half.
