### Quick Quotes

**Q. 14-under the last 36 holes. Obviously will the shoulder is feeling better. What did you do when you got here on Monday?**

DUSTIN JOHNSON: Just kept working on the same things. Obviously I felt I could swing a little bit better there on Sunday in Hong Kong and just kind of kept working on the same exact things, hitting shots, hitting numbers. Obviously worked a lot from 125 to 225 because that's kind of pretty much every shot you have out here with irons. Just getting back to moving it left to right.

Obviously I woke up Friday morning in Hong Kong and the shoulder or rib or something was out, and yeah, I hit draws all week. It wasn't very good until Sunday I could finally move a little better.

But yeah, just really focused on the 125 to 225 and obviously getting the ball moving left to right off the tee again.

**Q. You guys do a lot of putting outside 15 feet, as well. I know you love these surfaces. You can drip them downhill, don't really have to hit them too hard uphill. You've got to feel good about your putting right now.**

DUSTIN JOHNSON: Yeah, the putting is good. Obviously I always struggle on say the 20 to 30 feet getting it to the hole. I just have my whole career. So I just worked on that a lot this week, just getting them there, good speed.

Obviously the golf course is in perfect condition. Best greens you're going to putt on pretty much all year. Yeah, obviously rolled in a couple long ones, but hit it really nice, never really got out of position, and gave myself a lot of chances. But I holed two 30-footers on the par-3s, which was nice.

**Q. Do you have any other game plan going forward?**

DUSTIN JOHNSON: No, just same thing. Hit the fairways,

PRESENTED BY

and then once you get in the fairway, figure out where you want to hit it on the green. Just keep working on the same things I am right now.
